STORAGE SOLUTIONS

SMART WALL – SMALL PARTS STORAGE

Dynamic Smart Walls are designed to store a variety of small automotive service parts. The Smart Wall keeps these parts easy to access, easy to find, and easy to organize.

Each Smart Wall consists of a series of flip-out storage bins that mount to a heavy-duty wall frame. The wall frame includes two slotted wall standards with top and bottom connecting bars. Mounting hardware is not included.

Features Include:

- **Heavy-duty steel wall frame with durable black powder coat finish**
- **Compact design measure 26.5" W x 8.5" D x 51.50" H**
- **Flip-out storage bins are made from tough ABS plastic with transparent window and label holder**
- **Bins can be easily moved and expanded to accommodate new parts**
- **Replacement flip-out bins are available**

Smart Wall-43 – No. JDI-SW43

The Smart Wall-43 comes with 43 flip-out storage bins in three different sizes that accommodate a variety of parts.

- **24 – DY-306 Bins**
- **15 – DY-605 Bins**
- **6 – DY-604 Bins**

Smart Wall-60 – No. JDI-SW60

The Smart Wall-60 comes with 60 flip-out storage bins designed for larger and bulky parts like wheel studs, lug nuts, oil drain plugs, nuts and bolts, etc.

- **60 - DY-306 Bins**

Smart Wall-96 – No. JDI-SW96

The Smart Wall-96 comes with 96 flip-out storage bins designed for small and light-weight parts like miniature automotive bulbs, fuses, flashers and other small parts.

- **96 - DY-308 Bins**

SMART CART – SMALL PARTS MOBILE STORAGE

The Smart Cart helps make popular service parts easy to access, easy to find, and easy to organize. The mobile cart can be moved around the service bays to wherever parts are needed. It eliminates multiple trips to the parts storage room.

Designed specifically for small parts like wheel studs, lug nuts, oil drain plugs and gaskets, fuses, nuts and bolts, TPMS service kits and tire valves.

The standard Smart Cart consist of 43 flip-out storage bins and 9 hanging storage bins that mount on a heavy-duty mobile cart.

Features Include:

- **The cart is a heavy-duty steel design with a durable powder coat finish and 3" locking casters**
- **Compact design measures 29" W X 23" D x 57.5" H**
- **Hanging bin rack features two-sided slotted uprights which doubles the storage capacity**
- **Flip-out bins are made from tough ABS plastic**
- **Spill proof design drawers won't pop open while moving**
- **Design includes an integrated handle, label holder and a transparent window**

No. JDI-SC45

Storage Side One – Tilt Bins

- **Three different flip-out bin sizes to match service kit popularity and maximize storage area**
- **Bins can be easily moved and expanded to accommodate new parts**
- **Each bin is clearly labeled with the service kit part number**

Storage Side Two – Hanging Bins

- **Storage bins provided in three sizes to accommodate a wide variety of parts**
- **Can be used for tire valves, wheel weights, tools, etc.**

No. JDI-SC68

Storage Sides One & Two – Tilt Bins

- **Three different flip-out bin sizes to match service kit popularity and maximize storage area**
- **Bins can be easily moved and expanded to accommodate new parts**
- **Each bin is clearly labeled with the service kit part number**

SMART WALL & SMART CART – ACCESSORIES
