Automotive Service Parts

Profit and productivity always take a hit when inexpensive service parts are not readily available. Trying to locate, source or wait for delivery of a low cost item results in idle service bays, wasted technician time and lost profit.

And, without a system to keep those parts organized, easy to find and easy to reorder, your service parts inventory can evolve into a collection of half-used kits, duplicated assortments, obsolete parts and wasted money.

The JohnDow automotive service parts assortments program solves these problems. JohnDow has combined the most popular small service parts in key service categories with an innovative and easy-to-use storage and organizing system. It is designed to save the professional installer time and money by making key service parts readily available and affordable.

Service Parts Assortments

JohnDow has developed 18 assortments that include the most popular service parts for these key service categories:

- Oil Drain Plugs & Gaskets
- Wheel Wheel Studs and Lug Nuts
- Electrical Fuses and Terminals
- Brake Brake Line Fittings and Bleeder Screws
- Fuel Fuel Line Repair
- Auto Body Retainers, Trim Screws, Body Bolts
- Misc Vacuum Tees and Caps

Each assortment comes in a durable plastic case that keeps all of the parts organized and easy to find.

The detailed lid insert identifies each fitting with a picture of the part, size and description. Reorder part numbers, quantities and UPC codes are also shown.

Tower Storage Solution Cabinet

The JohnDow Tower Storage Cabinet is the perfect solution for small parts storage. It is designed to hold up to 12 different assortments of the most popular service parts. The space saving and compact design easily fits in the service area keeping parts easy to access and organized.

- Compact design (assembled) measures 14-1/2"W x 13"D x 46"H
- Adjustable drawer tabs keep assortment boxes secure
- Heavy-duty steel construction with durable black powder coat finish

Includes:

- 3 - DC-S4 Slide Drawer Cabinets
- 1 - DC-BASE Tower Base
- Mounting hardware

No. DC-TOW
